Equally, if you get caught using an account generated through these programs, there are big consequences. The official Roblox site strongly advises against using schemes like account generators. They say that anyone asking you to input your details anywhere is scamming you, and that you won't receive a glitched account or free Robux. The terms of service also warn against it, too. They say that you cannot obtain "exploited game or experience content." This includes hacked accounts with Robux. If you're caught doing this, they reserve the right to immediately close your account.

If you price it right you are guaranteed to entice at least a few players to buy it so you can earn yourself a few Robux. Make sure that it is labeled with a circular game pass and when you choose a price it will tell you how many Robux you will make for each sale.

And it's not just amateurs making Roblox games — there are entire studios dedicated to Roblox. I spoke with one, The Gang Stockholm, while writing this article, and they've now built an official Nerf battle arena game for toymaker Hasbro. One of Roblox's top games, Adopt Me, grew from a two-person development team to being supported by a full development studio that has ambitions to hire 100 developers by the end of next year.

Bronstein says virtual fashion is "huge" within the Roblox community. "People can also be whoever they want to be on the platform, and this authenticity is an important part of their self-expression, be it in real life or in the Metaverse." He points to the recent Gucci Garden event, which saw a virtual bag eventually sell for around \$4,115. Its physical counterpart costs \$3,400. The bag cannot be transferred out of Roblox, suggesting that some users place primacy on how their avatars look over being able to flaunt these items in the physical world. Plenty of brands have started selling legally licensed digital product replicas, including Nike Air Max trainers and NFL merchandise.

With Ibotta, you have yet another reliable online reward service you can use to save some more money. The Ibotta app pays you after you shop online and then upload a picture of your receipt.

In 2006, Baszucki and Cassel launched Roblox Studio. It was, in Bronstein's own phrasing, an "immersive creation engine", blending gaming, creation, and social networking. Roblox might have the veneer of a video game, but it's perhaps more accurate to describe it as a set of tools its users can wield to build their own video games (or "experiences" as the company sometimes refer to them), to be hosted on the Roblox platform. These creation tools are designed to be less daunting to the entry-level developer than professional game engines, and fully customisable frameworks exist across numerous genres. These include maze-runners, first-person shooters, tycoon simulators, and free-form "roleplay" genre, where developers create worlds – schools, cities, historical eras, sci-fi dystopias, etc – for users to project their own stories onto, informed by their interactions with the setting and other users.
